Annual Day-Ram Leela

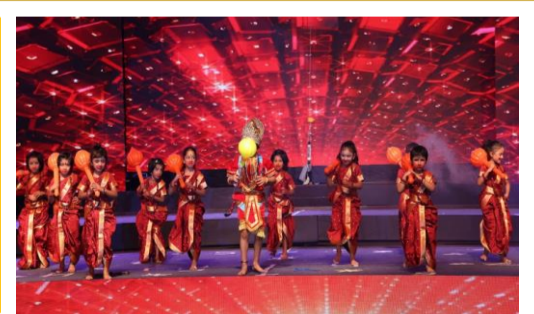

Ram Leela is an annual event that celebrates the life of lord Rama. It was a mesmerizing journey into our rich culture. It is a traditional Indian festival that is celebrated with great enthusiasm and devotion. Our little ones showcased a splendid display of remarkable storytelling skills. With captivating narratives, the children beautifully portrayed characters, bringing our culture and the epic Ramayana to life.

The children dressed up as different characters from the Ramayana, such as lord Rama, Sita, Hanuman, Lakshmana, and Ravana etc. The children were very excited to participate in the event and they put on a great show.

The parent and teachers were very impressed with children's performance. They appreciated the effort that the children had put into learning their roles and the enthusiasm with which they participated in the event. The singing of "Raghupati Raghav Raja Ram" was a particularly moving moment. The song is a hymn of praise to Lord Rama, and it is often sung on patriotic occasions. The fact that the teachers, students, and parents sang the song together was a symbol of unity and solidarity. It was a reminder that we are all Indians and that we should all work together to make our country a better place.

The Ram Leela event was a great success, and it was wonderful way for the children to learn about the life of Lord Rama and the importance of celebrating our culture and traditions. The audience was mesmerized by the performance and gave standing ovation.

CCA-Art & Craft

Creative excellence is nurtured in the little ones of NHGPS through a variety of means. One such co-curricular activity that the UKG children in NHGPS engage in is termed as Art and Craft. Children are guided to get one or many of a number of materials from home, like paper, sticks, cotton, clay and the like. They also get to choose the tools to use on the material, like scissors, cutters, paints, crayons etc.

They then work in class on the materials to create their art and craft form by letting their imagination take wings. It is a delight to see the little ones create mind numbing outcomes, from dreamy clay sculptures to flowing depictions of the world as they see, through drawings and paintings. The teacher guides the children through the process to help their creativity, motor skills, neatness, and presentation blossom.

Field Trip-ISKCON & Basaveshwara Gayatri Temple

Temple is a sacred place where we worship GOD to bring in sanctity and purity in our mind, beliefs, thoughts, and feelings towards other natural beings. Temples hold an important place in all our lives.

At New Horizon Vidya Mandir, we had a field trip to Iskcon Temple and Basaveshwara Gayathri temple. Our budding learners were introduced to feeding bananas to the cows at the gaushala in the temple premises. Post the gaushala visit we were directed to the darshan of the Narsimha Prahalad idol and Sri Krishna and Radha. Our children were mesmerized by the beauty of the idols and the beautiful paintings on the ceiling of the temple. Children also got to eat prasadam at the temple's canteen premises. We were served with healthy hot vegetable khichdi, fruit cake and corn chips. The prasadam was a well-deserved treat at the end of the trip. The overall visit was a true success since our children enjoyed the trip to the fullest.

Holi

Holi celebration in our school was delightful and engaging experience for children, introducing them to the vibrant colors and joyful spirit of the festival in a safe and age-appropriate manner. School was decorated to create a festive atmosphere. Traditional Holi songs were played and children were encouraged to dance and move to the music. Safe, non-toxic, natural colors were given to apply on each other's face gently.

Beach Party

NHGPS organized memorable beach party that left young hearts brimming with joy and excitement. Transforming the sandpit area into a coastal paradise, our little ones enjoyed a day filled with fun and unforgettable memories. Sand area was decorated with imaginary beach landscape by placing buckets, shovels, and other beach toys for children to enjoy. Scattered inflatable beach balls and surfboard around added a playful touch. Variety of engaging activities like scavenger hunt, water splash, beach ball, beach bucket race and more were planned to keep children entertained throughout the day. Children were dressed in their favourite beach attire, Hawaiian shirts, sunglasses adding to the party atmosphere. Under the bright sun and gentle breeze, the children enjoyed beach theme activities. From building sandcastles to playing beach ball games, every moment was filled with giggles and smiles. As the day drew to close, each child left with happiness and a bucket full of cherished memories.

Graduation Day

Early childhood education is what shapes the future of our young children. While the notion of Graduation Day may popularly associate itself with ceremonies seen in institutes of higher education, the NHGPS Graduation Day is a commemoration of what could likely be the most appropriate transition in the human learning journey. On this day, the little children of NHGPS ‘graduate’ to stride in to the brave new world of primary education, with their cognition honed and motor skills sharpened to absorb the learnings primary school. On this day, the graduating batch of NHGPS children collect their scroll of recognition, thank their parents, teachers and everybody who helped them get to this stage of their lives and rejoice in their achievement in a glittering evening laid out for them by NHGPS. Onwards, little ones, and march confidently towards making this world the best and brightest it could be. The future is yours for the making.
