Republic Day

India is not just a nation; it's a tradition, a culture, a history, and a legacy. Our pre-schoolers celebrated Republic Day with pride, dressed in tricolour and holding the flag with respect. They learned about the sacrifices of our ancestors, cherishing the history that shaped our nation. We are proud to have instilled a sense of patriotism and national pride in our young students. We look forward to many more such celebrations in the future.

CCA Shloka Chanting

The Shloka chanting competition was a wonderful experience for our students. It not only helped them develop their memory and recitation skills but also introduced them to the rich cultural heritage of India. This competition was to introduce kids to the world of Shlokas, promoting cultural awareness, memory development, and self-confidence. The competition aims to introduce our little ones to the beauty of language and rhythm, helping them develop an early appreciation for India's spiritual wisdom. Through the chanting of simple, child-friendly shlokas, pre-schoolers will not only practice pronunciation and rhythm but also experience the joy of singing timeless verses that carry positive messages of peace, love, and respect.

Field Trip (LKG & Playgroup)

The field trip to Prani Pet Sanctuary was an unforgettable experience for our LKG students. It not only broadened their knowledge about animals but also instilled empathy and compassion towards living creatures. The interactive and hands-on approach made learning fun and engaging. We look forward to planning more such enriching experiences for our students!

Our Playgroup children had an exciting field trip to a serene temple, accompanied by their parents and teachers. It was a day filled with joy, bonding, and exploration as the children learned about rituals and culture. Parents and teachers came together to create a warm, interactive environment, making the experience unforgettable. The highlight was the togetherness, as families and educators shared stories, activities, and laughter.

Jai Adhiran of UKG C achieved a remarkable milestone by securing 1st place in the Under-7 (Kata) at the 2nd National Level Open Karate Championships 2024. A truly proud moment!

PRIDE skills — five ways to provide positive parenting

The PRIDE skills are five positive parenting techniques that can easily be used in everyday life. The skills have been shown in studies to be a successful way to support children's development.

- **PRAISE** makes children feel good
- **REFLECTION** involves repeating back a child's words and elaborating on what the child said.
- **IMITATION** involves playing in a similar way as your child or making similar gestures.
- **DESCRIPTION** involves describing what your child is doing, much like giving a play-by-play narration of a game.
- **ENJOYMENT** means expressing warmth and positivity with your words and actions while you play and interact with your child.
