

Summer Camp at NHGPS

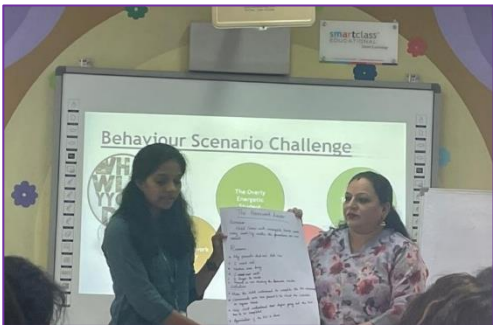

Summer camp was held from 31st March 2025 to 3rd May 2025. It was vibrant and enriching experience for all participants. The school offered a splendid array of activities like drawing, dance, basketball, football, music, karate and abacus. The camp aims to provide children an engaging environment and enriching experience through a variety of activities including outdoor adventures. During this colourful range of experiences, friendships bloomed, and essential life skills like teamwork, self-assurance, and social adeptness thrived. The coaches exerted their utmost efforts to engage the children, resulting in a culminating event that showcased their progress and achievements. It not only gave students an opportunity to explore their interests but also helped them build confidence, make new friends, and create cherished memories.

Faculty Development Program

New Horizon Gurukul Preschool organized five days workshops for teachers to enhance their professional skills in key pedagogical areas. The workshops covered the themes like Communicative English for educators, Integration of AI Tools in Pedagogy, Progress in early years, Differentiated Learning, Effective lesson plan. The workshop on different pedagogical approaches and innovative teaching practices aims to provide educators with a comprehensive understanding of various teaching methodologies and to equip them with practical tools to enhance their teaching effectiveness. Participants engaged in group discussions, role-playing scenarios, and action planning sessions to develop concrete plans for their institutions.

Parent Orientation Day

The 1st formal interaction with the parents of new students in 2025-2026 was through an orientation program. The purpose of the orientation is to help parents understand the school's philosophy, curriculum framework, teaching methodologies, and daily routines. It also serves as a platform to build a strong partnership between the school and parents, which is essential for the holistic development of each child.

We believe that a child's first school experience lays the foundation for lifelong learning. Orientation day marks the beginning of an exciting journey of learning, discovery and growth of child.

Back to School

The school campus came alive with joy and laughter as our pre – primary children returned after a break. Our dedicated teachers warmly welcomed the tiny tots with cheerful smiles, open arms and heart full of excitement.

Classrooms were beautifully decorated. Teachers greeted each child personally, helping them settle in love and gentle encouragement.

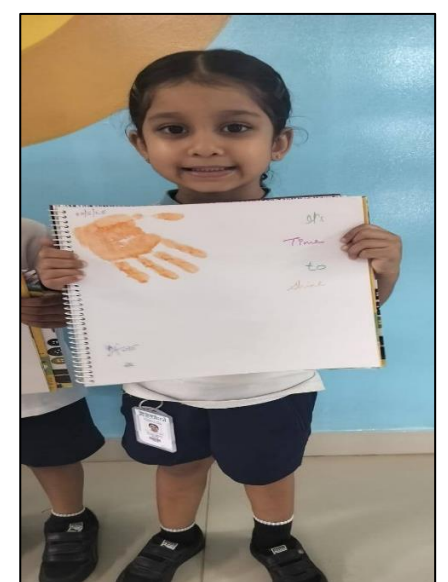

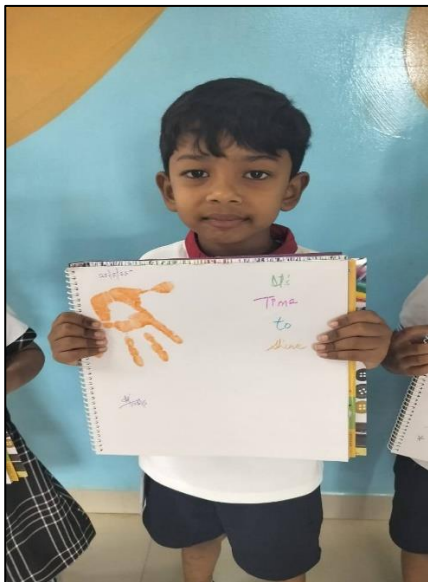

To mark an auspicious beginning, a small pooja ceremony was conducted in the presence of children. The little ones participated with innocence and devotion, offering flowers and joining in simple prayers. It was a beautiful sight to witness our children begin their school journey with blessings from the God.

It was truly a delightful start to the new term filled with warmth, care, and promise of many joyful days ahead.

First Day Activity

Beat Plastic Pollution

Plastic pollution has become one of the most environmental issues. Every year, millions of tons of plastic waste enter our oceans, endangering marine life, polluting ecosystems, and threatening human health. But there's hope – we can change this. Reduce single use plastic, choose sustainable products, dispose responsibly, raise awareness. Every small action adds up to a big impact.
